DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 1, line 10, "said second ground plane element" is changed to --said second ground plane--.

Allowable Subject Matter

2. Claims 1-6 and 8-11 are allowed (Claim 7 is canceled by Applicant).
3. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of claims 1-6 and 8-11 is the inclusion of the limitations of a single ground plan element consisting of a first ground plane and a second ground plane; and the radiation patch being spaced-from and not in contact with the second ground plane. It is these limitations found in each of the claims, as they are claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
